

Fancy Cherry

Radiation City

My time to be fly by your love
My time to be fly by your love

Do you wake up cold feeling out on your own ooh oh
Having time to kill getting honey to fill in the hole

Now now no need to bury the treasure you're winning
We'll be ok
Pounding, the meet, we're over-
flowing with teeth in a masquerade

My time to be fly by your love
My time to be fly by your love

This is our life now repeating the times how we couldn't be right though
Crossing our hearts with our fingers, a deep trick for this kind of love oh oh oh... ooh ooh...

[Instrumental]

Now now no need to bury the treasure you're winning
We'll be ok
Pounding, the meet, we're over-
flowing with teeth in a masquerade
Now now no need to bury the treasure you're winning
We'll be ok
Pounding, the meet, we're over-
flowing with teeth in a masquerade

My time to be fly by your love
My time to be fly by your love
