

Sugar Broom

Radiation City

If
This is the end
Then I
Would like to say

I can't see can't hear can't breathe but I don't want
To leave

You got out in time
Becoming a child
Only human was never your style

I can't see can't hear can't breathe but I don't want
To leave

I can't remember
No sleep
To treat
Us well

I can't see can't hear can't breathe but I don't want
To leave

No I don't
No I don't
