

## Winter Blind

Radiation City

There's a blind  
And there's no time  
All open wounds healing ashore.  
The filthy air is still clear  
Of fears and ambitions are scattered around on the  
floor.

They wash with the searching,  
Faith shows to you through the curtain.  
Teeth that it bend are teeth that it grows  
But I know it.

Here we have it, I'm happy,  
There's in the blood, it feels better written that way.

But the truth is you're rootless,  
Bring vengeance to its knee  
And it's the same as it's so easy.

Admit it when I say it,  
I need you all to stay safe,  
Bring down all the line, it's moving all the time,  
But I'll be back here someday.

You gotta go, you wanna know,  
Take me to the moon.  
You gotta go far,  
Take me to the moon,  
Take me to the moon.  
You gotta go, say you wanna know  
You go, take me to the moon.  
I don't know, I don't know, I don't know.
