

The Missing Road

Radical Face

Time
Ticking in the back of my mind
'Cause I know what I'll find
If I sit in place
So I walk
Never really sure where I'm going
But it's better than knowing
What everyday will be

I am who I am
And I know what I know
But I don't know my way
I just go where I go

But I never could forget your face
It finds me in my sleep
And I'd like to tell you about those dreams
But talk is always cheap
So I go where I go

That road is gone
Now it just lives in this song

I've seen all I've seen
But I sometimes wonder
If you still think of me

I never meant to fade away
It's just the way I'm made
I hope if you ever hear my name
That it doesn't bring you pain

And just know that I know
Yeah, just know that I know
That those days were gold
And a heart always holds
Onto missing roads
