

## The Ship in Port

Radical Face

Some say our dreams are a distant road  
Down which our hearts would like to go  
But I have always stayed in place  
Under that old illusion that it's safe

You said the ship in port is the safer one  
But it's not the reason it was made  
So forgive me if I wander off  
And forgive me more if I just stay

Sing another song for the lost ones  
We're the ones who need it the most  
Every time you run it'll cost ya'  
But it doesn't stop us running

If a coward dies a thousand times  
Then there's a graveyard in my head  
'Cause it took me years to say the words  
That you did not even need said

Sing another song for the lost ones  
We're the ones that need it the most  
Nothin' that you fear is forgotten  
It follows you around like

Then everything danced to a stranger tune  
And we found our song and we found our truth  
And now that we know it's that we always knew  
Farewell to the chains we were born into

And as we danced among the ashes of our lives  
We laughed it off  
And then we burned our tiny worlds and found the ocean  
Just beyond those paper walls
