

Acid Rain

Radical Something

We see the daylight under the black sky
This doesn't feel right
Everybody's dancing in the Acid Rain
Acid rain
Acid rain
Dancing in the Acid Rain

Yo,
Different color skin
Different size shirt
Different kind of paycheck
Different kind of hurt
Different kind of life for those who've struggled through the worst
When wicked is the word I pick when labeling the earth
Been dancing with my eyes closed
Got my headphones blocking out the deftones
With my own flow a stones throw away from being well known
I introduce the ocean to my cell phone
Yo I don't even need it
I'd rather keep it real than keep it really conceited
Put your hands up if think that you need it
But trust me you don't

We see the daylight under the black sky
This doesn't feel right
Everybody's dancing in the Acid Rain
Acid rain
Acid rain
Dancing in the Acid Rain

Yo,
24 hours in the day
I'm spending every single second dancing in the rain
Melting off my clothes, bleached by the acid,
Cruel that it happened but I'm happy cuz it lasted
See we'll never know when the storm is gunna stop
(You never know, you never know, you never know, you never know)
We keep dancin', dancin', dancin' in these raindrops
And acid raindrops slicin' through my tank top
I could sit around and I could paint clocks,
But time is something that we aint got, just like the same shot
When will the hate stop?

We see the daylight under the black sky
This doesn't feel right
Everybody's dancing in the Acid Rain
Acid rain
Acid rain
Dancing in the Acid Rain
