

Come With Me

Radical Something

Come with me we're staying out
I'll show you a good time, I'll show you a good time
Come with me just one more round
I'll show you a good time, I'll show you a good time

I'm talkin light speed light speed feeling really feisty
Throwin on some old school Nikes
Strolling to the spot, my dudes rocking shirts from the nineties
Today is the day I put 22 years behind me
Uhh, a second wind's comin on
And all I gotta do is listen to this song
And I'm ready for the night to begin
My only question is, ladies and gentlemen are you comin with?

Come with me we're staying out
I'll show you a good time, I'll show you a good time
Come with me just one more round
I'll show you a good time, I'll show you a good time

Feel the heat its why were banging to the beat
Its crawling up my neck and it never lets me sleep
I want you goin crazy dripping sweat off your forehead
Don't stop dancin until the damn floors wet
The crowd says "give us one more set!"
Gimme more Albrecht! Gimme more big Red
Then I'm back on stage we gunna do it again
Tell my dudes in the front that they can jump right in
It's like that

Come with me we're staying out
Come with me just one more round
Come with me we're staying out
Come with me just one more round

Come with me we're staying out
I'll show you a good time, I'll show you a good time
Come with me just one more round
I'll show you a good time, I'll show you a good time

I'll show you a good time, I'll show you a good time
Oh yeah, oh yeah
I'll show you a good time, I'll show you a good time
