

Hey Babe

Radical Something

I said hey babe, I'm sorry
I didn't mean to hurt you like I did
She said hey boy no worries
Cuz no ones gunna love you like I did

I'm so sorry for what I did
A result of the life that I chose to live
And I know that I'm wrong but I hate to admit
You got me actin like a stupid little kid
Uh and I cant live a love life on the internet
Cant use Skype for what we did when were in the bed
I keep dropping these apologies
And you keep on asking what's stopping me
From comin right back to the awfully
Good good feeling of having you on top of me
Grinding like were working at the coffee been
Naughty me
Grinning while were spinning getting sloppy in the lobby baby
And I know I know
Its tough at the moment
And I know I know
You don't think I'm showing
Enough emotion, but you cant help hoping
That the gates to our ocean of love will stay open

I said hey babe, I'm sorry
I didn't mean to hurt you like I did
She said hey boy no worries
Cuz no ones gunna love you like I did
So damn good
It was so damn good, it was so damn good
So damn good

Heartbreaker Heartbreaker what she said
I couldn't say the words that were in my head
I'm sharing all my love now its spreading thin
When she deserves everything I have to give

Heartbreaker Heartbreaker what she said
I couldn't say the words that were in my head
I'm sharing all my love now its spreading thin
When she deserves everything I have to give

I said hey babe, I'm sorry
I didn't mean to hurt you like I did

I said hey babe, I'm sorry
I didn't mean to hurt you like I did
She said hey boy no worries
Cuz no ones gunna love you like I did
So damn good, yeah
So damn good, yeah

Never was a question of your looks cuz your beautiful
Attracted like a magnets and the feeling is mutual
If opposites attract and were both feeling negative
Then maybe one day our relationship will change again

So hey babe
What you doin to me
Your blowing up my phone and its ruining me
I cant focus in my sessions, rehearsals a mess and
When I try to go to bed I need a bottle just to rest
Cuz my mind runs back to the place
Way back to the memories we made
And in a month ill be gone with my dudes on a tour bus
Wishing all along that it was just the two of us
Travelling the world till we knew it was meant to be
Painting pictures of our destiny
We could write our own love novel, sets us free
A little cook book full of our secret sexy recipes

So I ask myself
Did I make a mistake
Leaving the one I love because I needed a break
To escape and tell the world about the music we make
Just to come back home and find out you ran away
Its all gone for now
And I hope that you can find it in your heart somehow
To come back pick me up from the lost and found
And re-embark on the journey we called off for now
