

Naked In Venice

Radical Something

I, I had a thing for you
But I was scared to death of making the first move
And you, you always had a thing for me
But when I came around, we would both just freeze

Don't let this moment slip away
This is our last chance
We let our clothing slip away

And then I grabbed your hand
We're feelin' like
Yeah, yeah
What are we waiting for?
Yeah Yeah
Why are we wasting time?
Yeah Yeah
What are we waiting for?
Who knows the next time we'll be naked in Venice

Tonight, does my voice sound right?
Right enough to make you wanna sneak out in the night
And walk upon the pavement, holding on tight
And never letting go cuz you're scared I might fly away
Big plans, pencil me in
I'm talking
No way you can censor the kid
I'm thinking
So young, the way we should live
And make this one night stand for something we did
Don't let this moment slip away
This is our last chance
We let our clothing slip away

And then I grabbed your hand
We're feelin' like
Yeah, yeah
What are we waiting for?
Yeah Yeah
Why are we wasting time?
Yeah Yeah
What are we waiting for?
Who knows the next time we'll be naked in Venice
Naked in Venice, ohhh
Naked in Venice, ohhh
Naked in Venice

I, I had a thing for you
And you, you always had a thing for me

Give it to me yeah, yeah
Yeah, yeah
What are we waiting for?
Yeah Yeah
Why are we wasting time?

Yeah Yeah

What are we waiting for?

Who knows the next time we'll be naked in Venice

Naked in Venice

Naked in Venice, ohhh
