

Puppy Love

Radical Something

Playing with you underneath the sun
Give Me those kisses I want your puppy love

Can you come over for a second
I got a plan to show you how I feel about perfection
Got plans to show you white sand and my method
Of hitting every line in my record
Lets go
Its like you know it of course
Beautiful green eyes and a simple approach
You tell me, what? that you love me the most?
I need a kiss baby doll so you gotta come close
We're singing

Playing with you underneath the sun
Give Me those kisses I want your puppy love
Gimme that gimme that Puppy Love
Gimme that gimme that Puppy Love
Gimme that Puppy Love

Yeah
Back back to the previous
You got me trippin on some lightweight greediness
I got you thinking that I might be serious
Never-ending story I threw away the periods
Yeah and every night no sleep
Its 4 in the morning and I cant count sheep
I need more, but I can never get enough
Forget a leash we need puppy love
Come on

Gimme that Puppy Love
I want those kisses right now
I want your kisses
Gimme those kisses

Playin with you underneath the sun
Give Me those kisses I want your puppy love
Gimme that gimme that Puppy Love
Gimme that gimme that Puppy Love
Gimme that Puppy Love
