

We Were Just Kids

Radical Something

We were passin' time gettin' high with our best friends
Livin' life, eatin' right, learnin' lessons
Didn't need no struggle, we were good for life

We didn't need no place to rest our awfully burdened heads
Back then the air was fresh, and we were good for life

We were just kids
We were just kids
We were just kids
It is what it is we were good for life

We were just kids
We were just kids
We were just kids
It is what it is we were good for life

Let's go back, let's go back, back in the day
All we ever wanted was the neighborhood thing
Big Moe slangin' loosies to the neighborhood gang
Like 4 for a dollar, 4 for a dollar
My dude got locked on a misdemeanor
The other one shipped off to Korea
Life gets tough, gettin' harder to see ya
But they know I'ma holler, they know I'ma holler

We were passin' time gettin' high with our best friends
Livin' life, eatin' right, learnin' lessons
Didn't need no struggle, we were good for life

We didn't need no place to rest our awfully burdened heads
Back then the air was fresh, and we were good for life

We were just kids
We were just kids
We were just kids
It is what it is we were good for life

We were just kids
We were just kids
We were just kids
It is what it is we were good for life

Cuz my days were made to get up and love
Pushin' pedals on the road, under pelican suns
Wishing I never woulda moved out from that town
But it's done, it's done
Yo, the chain link fences tried to border me up
You got an ice cold soda better order me one
And always tune your life to the beat of the drum
Before you're old and wise gotta be young and dumb

We were passin' time gettin' high with our best friends
Livin' life, eatin' right, learnin' lessons
Didn't need no struggle, we were good for life

We didn't need no place to rest our awfully burdened heads

Back then the air was fresh, and we were good for life
Yeah c'mon, c'mon

We were just kids
We were just kids
We were just kids
It is what it is we were good for life

We were just kids
We were just kids
We were just kids
It is what it is we were good for life

We were just kids
We were just kids
We were just kids
It is what it is we were good for life
