

You Feel Amazing

Radical Something

You should get to know me 'stead of pushing me away
Cuz I think I could show you something that'll make you stay
I got a killer mindset when I jump around killing my set
And you gotta look away to keep from having eye sex with me
I'll let you breathe but I bet we'll leave to find a better loc
ation, no time wasted
We're out the back door
We're kissing the rain n you got my mind racing

Now I could tell you one thing,
And I could tell you two.
When I'm flipping through my little black book, I keep comin' b
ack to you
Comin' back to you

You Feel Amazing (You Feel Amazing!)
You Feel Amazing (You Feel Amazing!)
You Feel Amazing (You Feel Amazing!)
You Feel Amazing (You Feel Amazing!)

La da da da dah
La da da da dah

I'm sittin' at the bar it's getting dark and I'm buried in my p
hone
I got a little scrap of hope that I can get you alone
I wanna make you feel like you've never ever felt before
And I'ma kiss your neck, down the block, leave you lovin' that
for sure

Now I could tell you one thing,
And I could tell you two.
When I'm flipping through my little black book, I keep comin' b
ack to you
Comin' back to you

You Feel Amazing (You Feel Amazing!)
You Feel Amazing (You Feel Amazing!)
You Feel Amazing (You Feel Amazing!)
You Feel Amazing (You Feel Amazing!)
