

# All Our Own

Radio Company

Listen to yesterday  
Long before the way it has become  
And it all came down to you

I don't really know the way  
Played out stranger than it seemed  
But what went down came true  
Like an all day dream

I don't wanna be the one to say it's wrong  
When the heavens open and a new day comes along  
I know I would rather be together alone  
In a big top circle and a world we can call our own  
It's all our own

In a world we can call our own  
We'll find shelter, darling  
Where I'll always promise to  
Never let be

I don't wanna be the one to say it's wrong  
When the heavens open and a new day comes along  
I know I would rather be together alone  
In a big top circle and a world we can call our own  
It's all our own
