

Return To Me

Radio Company

How far will you go
You should know
You'll be on my mind
Said you were leavin'
But never said when you'd be comin' back home and
I can't wait another day

Cause you know
I'd go to the end of the world for you
If only you return to me

Ride with me
Round the lakeside
Got a raincoat and a veil
It's been so long since you went away
Took all of your lovin' and left me with nothin' and
When you go
What a shame

Cause you know
I'd go to the end of the world for you
If only you return to me

Maybe I deserved it
To be left this way
I'm not sure
How I was so blind

All I know's that if you return it
And kept it here to stay
I'd lose my mind
I'd lose my mind

Cause you know
I'd go to the end of the world for you
To the end of the world for you
