

## 4 Minute Warning

Radiohead

This is just a nightmare  
Soon I'm gonna wake up  
Someones gonna bring me round

Running from the bombers  
Hiding in the forest  
Running through the fields

Laying flat on the ground  
Just like everybody  
Stepping over heads  
Running from the underground

And this is your warning  
4 minute warning

I don't wanna hear it  
I don't wanna know  
I just wanna run and hide  
This is just a nightmare  
But soon I'm gonna wake up  
Someone's gonna bring me round

This is a warning
