```
I get home from work and you're still standing in your dressing
qown
Well what am I to do?
I know all the things around your head and what they do to you
What are we coming to?
What are we gonna do?
Blame it on the black star
Blame it on the falling sky
Blame it on the satellite that beams me home
The troubled words of a troubled mind I try to understand what
is eating you
I try to stay awake but its 58 hours since that I last slept wi
th you
What are we coming to?
I just don't know anymore
Blame it on the black star
Blame it on the falling sky
Blame it on the satellite that beams me home
I get on the train and I just stand about now that I don't thin
k of you
I keep falling over I keep passing out when I see a face like y
What am I coming to?
I'm gonna melt down
Blame it on the black star
Blame it on the falling sky
Blame it on the satellite that beams me home
This is killing me
This is killing me
