

# I Can't

Radiohead

Please forget the words that I just blurted out  
It wasn't me, it was my strange and creeping doubt  
It keeps rattling my cage  
And there's nothing in this world will keep it down

Even though I might, even though I try, I can't  
Even though I might, even though I try, I can't

So many things that keep, that keep me underground  
So many words that I, that I can never find  
If you give up on me now I'll be gutted like I've never been before

And even though I might, even though I try, I can't  
Even though I might, even though I try, I can't

If you give up on me now I'll be gutted like I've never been before

And even though I might, even though I try, I can't  
Even though I might, even though I try, I can't  
Even though I might, even though I try, I can't  
Even though I might, even though I try, I can't
