Little by Little

Turned too nasty now The dark cell The pillar of my soul The last one out of the box The one who broke this spell

Little by little by hook or by crook I'm such a tease And you're such a flirt Once you've been hurt You've been around enough

Little by little by hook or by crook Never get noticed Never get judged I'm no idiot I should look

Your clue on hold, snapped up Crawling with my love The last one out of the box The one that broke the seal

Obligation Complication Routines and schedules Drug and kill you Kill you

Little by little by hook or by crook Never get noticed Never get judged I'm no idiot I should look

Radiohead
