1. I must get out once in a while
C **Am7/H** **Am**
Everything is starting to die
F **G** **E** **Am**
The dust settles, the worms dig
C **G** **C**
Spiders crawl all over the bed.
2. I must get out once in a while
I eat all day and now I'm fat
Yesterday's meal is hugging the plates.
You never wash up after yourself.
