

## Ai E (愛; To Love)

RADWIMPS

I am I, myself only me I said  
I never believed the love everyone needs  
Maybe I was searching from somewhere in me  
So deep so dark that I can't even feel  
But never tried to think that they were in a reach  
Of me so close so sweet so bright

Soshite ai wa sokora juu ni afuretete konna boku wo atatametete  
Te to te de mune to mune de kazoekireru kimochi wo tabanete kuretanda

"Love" who messed up my mind  
"Love" who break my heart but  
"Love" who taught me the way, how to feel  
"Love" who taught me what  
It is like, to live like, love like to sing

(Oh- ai e omoitodoke Oh- ai e kokoro hibike Oh- ai e kono koe Oh- ai e omae  
ni todoke)

This world is turning red, crying out  
Tears falling down upon us  
All of our dreams, never wanna believe, broke into pieces  
I'm here, wishing the world would shine again as it was in those days  
The days we didn't know what is like to fear or grudge or hate  
There's a wish that I want it to become  
Gather all our hearts and shine as one
