Drop in here, come visit  
Today's the long awaited school arts festival  
Everyone's been working hard together as one  
To make one big stage  
Hold on, is it so?  
Why must I be here?  
Okay, okay, line up, straighten out your chests, the curtain is going to fal  
1

The role I was assigned to was just a nondescript "Boy D"  
This wasn't what I wished for  
I guess it's good to be picked to go on stage from a crowd  
But I was just given the role "Boy D"  
Teacher, in my world, no matter what others say, I am the protagonist

In this world I am "Boy D", a "Boy D" who doesn't even have a name  
Who only needs to say one line, "Good night"  
On a stage that can go on without me  
"Boy D" standing in a corner  
No one sees him  
But to me, he's a VIP  
Yes, without me, the play cannot start  
In my world

I've waited for a while, I'm gonna go out  
Finally it has come, it's my turn, open up a path  
Everyone, this is my street  
Come one, shine the lights brighter for me  
What? What did you say?  
Santa is still riding his carriage?  
That's only in your world, but this is reality

Present or not, it doesn't matter  
You've got no right to order me around  
The light that shines on the protagonist  
Only leaks a weak brightness  
My illumination, that's the proof that I'm here  
Living on other people's leftovers is my pride  
Think this, act this out  
Push your chest out and play your role well

"If it's like this" he murmured, and "Boy D" finally went wild  
Something unexpected happened and on the stage, was a solo act  
"Boy D" who was sadly captured while trying to escape from the crowds  
Teacher, this is public now  
No matter what anyone says, I am the protagonist

In this world I am "Boy D", a "Boy D" who doesn't even have a name  
Who only needs to say one line, "Good night"  
On a stage that can go on without me  
"Boy D" standing in a corner  
No one sees him  
But to him, he's a VIP  
Yes, with or without me  
There's no difference? That's impossible  
Without me things won't be like this

The school arts festival is a huge failure, let's hold a reflection meeting  
for our faults  
What now? What are we going to do?  
What on earth do you want to do?  
You're such a nuisance, how many thousands of times do you want to apologize  
?  
Please swear to everyone that you'll save the play at the end the next time  
round

In this world I am "Boy D", a "Boy D" who doesn't even have a name  
Who only needs to say one line, "Good night"  
On a stage that can go on without me  
"Boy D" standing in a corner

But to me, he's a VIP  
Yes, without me, the play cannot start  
This world that can start without me  
But this world cannot start without me, in my world

The seasons pass, it's autumn now, it's the long awaited sports festival  
Now everyone get into your places, ready, set
