RADWIMPS

Now everybody come to the dance floor
I don't need a pistol give me the mic and then a pencil
"Bristle" is my lifetime momentous
Oh, yes I'm doing pretty well these day
But I'll be there when you're scared eating pills in everyday
If you die so am I let's go heaven and say "hi"
Brothers and sisters and teachers now thank you for
Nice, kind time. I might not like you guys

Oops, now everybody come say hey (hey)
Upside down I kind of find my way
Today's the day but honey by the way
What are you going to do my boobs is it okay?

Think of other possibilities
I rather hang me up on psycho linden trees
And if you find my body, wait and see
Because you'll meet a creep so deep inside of me

Ara ma komatta mon da korya maa
Atama kongaragatta manma
Konna to koma de kichatta mon dakara
Apparapaa no manma da wa

Kou nattara tenpa tta manma
Nagara nadaraka naru haruka na kanata
Mukawa na ikan to wa omou nda ga na
Maa ikansen douse? iu desu ka

Once, I said
If you really want to have a part of me
You better find yourself another piece of harmony
All my garbage friends now
Thank you for your expense I'm pretty
Rich enough to hide my real intens(ity)

Iti yaliyali tiatta littityaliya
Candy candy hop he goes Slovenia
Slovakia whatever, however Amen
Now sing for just a moment
