Live coverage, we're on the air, thanks for waiting guys
Are we on? Yea yea we are Hello again
I wanna start by introducing my fellow commentator, Mr. God
At age 2011, he's the world creator, a great mentor
A smug look Hail yeah! Thanks for everything You fed us well
Oh I almost forgot, I am yours truly, Budda

Today in our Game of Life, we feature an island in Asia, Japan
Don't miss it cause we are really excited
Let's start by taking a good look at how these fellas live down there
Oh wait, something weird is happening…

Oh my! With a rope in his hand he was about to hang himself
But isn't he shaking? Is he feeling unsure? Isn't it too late?

OK, Camera 3, get up close to his face
His heartbeat is up, can barely hear but listen to what he has to say

"I can't stand it, can't no more, not for a second
What I need is not oxygen, it's not here, not anywhere

You die you lose, so what? shut up, don't care to win, you asshole
Don't talk about the courage to die, blah-blah-blah

Nothing scares me now, I'm almighty
Why talk all that shit?
If you wanna tease me you've made your point
People just love themselves from head to toe

I hate myself again, I try hard to see
Hanging on, I'm alone again
I prayed but it was more than I thought…"

Sorry, we just lost our audio

Our commentary booth is behind the galaxy net
High above their head beyond the sky beyond the space and time
Sit back and enjoy, we're so much higher than where they are
Let's be thankful that their planet isn't ours

My my, oh no, holy moly
Look how far they've come, a million years of dumbness
Producing massive spent fuel waste, piles of dirt
Weapons of mass destruction, nuclear to say the least
Deforms and facsinoma, you can't help but hate even your own child

What a freak, my boy, like garbage, where shall I begin cutting off?

Mr. God, would you give us a word?
To us who's "smart enough to not die but dumb enough to not survive"

We know who we are
Why talk all that shit?
If you wanna tease me you've made your point
People just love themselves from head to toe

I hate myself again, I try hard to see
Hanging on, I'm alone again
I prayed but it was more than I thought
People just love "ME" like obesity

We've watched this Game of Life over the last two thousand years
Can't believe there's no sign of progress

Another flop, my friend, I'll call it a wrap
There's no choice, helpless, incurable, not worth talking

Oh look! There's someone in her knees praying like hell
"Oh please Mr. God, Mr. God, Mr. Buddha. Please make my wish come true"

God "So what will we do?"
Bud "Wait"
God "Let's make it happen"
Bud "Wait, I said"

God "Stay out of it. It's none of your business"
Bud "It is my business"
God "Why? She said Oh please Mr. God"
Bud "She said Mr. Buddha, too. Didn't you hear?"

God "Just once. I was called twice"
Bud "Nonsense"
God "I see. She's your type, right?"

Bud "F—k off! You wanna do it?"
God "Hell yeah! Come, all my followers! Come and meet! Let them see the powe
r of God!"
Bud "Eat this! The rage of Buddha!"

We know it's all wrong
Why talk all that shit?
If you wanna tease me you've made your point
People just love themselves from head to toe

I hate myself again, I try hard to see
Hanging on, I'm alone again
I prayed but it was more than I thought
People just love "ME" like obesity
