This is the first time that I'm communicating these feelings
You said lightly
Because this is the first time we're meeting
You said, this is inevitable

I asked you what would happen if I die tomorrow
You said without looking me in the eye,
I wouldn't know if that won't even happen
You said with a slightly angry face

Somehow I became happy
And smiled

"The first one at birth" and "The first and last"
Once in a lifetime, that's you
Be it "asleep or awake", "before and after",
That is you

I said I didn't need these inevitable days
You said with your usual tone
I just want to be your "inevitable"
I said it would be great if there was such a day

I know when the end and the start are
Somehow we've made it all the way here
Even though we've done it all the time
It's a mistake if it ends here
We don't need a next "start"
It seems so, here and now

So that I can remember no matter when,
I've made it into a song

"The first one at birth" and "The first and last"
Once in a lifetime, that's you
Be it "asleep or awake", "before and after",
That is you

"The first one at birth" and "The first and last"

A once in a lifetime promise
Let's make it here, right now, right here
With no other starts, just until it ends

You said this is the first time that you're communicating these feelings
And I said, this is inevitable
