

Light The Light

RADWIMPS

You might be scared
But that's your strength
You must be tired
Hold on a sec

You feel disgraced?
And full of shame
You're half way there
Until the light

Lack of hope?
No way to cope?
Sorry to say
I believe in you

That loneliness
Is all you have?
But you know what?
It's not your fault

Someday we will talk all night
Of all that we've been through
No more tears no more sorrows
Only your brightest smile
Someday we will laugh all night
About our hardest times
Until then we'll hold our hands together, soft and tight
Together we'll move on

Now wipe your tears
You don't deserve
Will you show some smile?
Oh please, for me

Don't blame yourself
Don't hate yourself
You can be rude
You can be mean

I know you will
Be back in a while
To where we used to
Hang out a lot

I like who you are
I like who you are
I like who you are
I like who you are

Someday we will talk all night
Of all that we've been through
No more tears no more sorrows
Only your brightest smile
Someday we will laugh all night
About our hardest times
Until then we'll hold our hands together, soft and tight
Together we'll move on

Someday we will talk all night
No more tears no more sorrows
Someday we will laugh all night
Until then we'll hold our hands together, soft and tight
