If I were Prime Minister  
I'd take from each citizen  
One cent and we'd have a million dollar wedding

If I were Prime Minister  
I'd make the day have 25 hours  
And that last hour  
Would everyone use for love

If I were Prime Minister  
No matter how many times  
They said it was a waste, I wouldn't care

I'd let the train run 'til your home  
And the last stop would be at me

With that change  
I wonder what they'd say  
Each and every citizen

For every person important to someone, I'd give them their birthday off

And then, the sun would come out and I'd make you my  
First Lady

If I were Prime Minister  
If I were Prime Minister  
If I were Prime Minister  
I'd make your birthday a national holiday

If I were Prime Minister  
If I were Prime Minister

If I became the Prime Minister of Japan's cabinet  
That's what I'd do

If I were Prime Minister  
Everything that caused you suffering, I'd make my own pain and then drive it  
out of the country

If I were Prime Minister  
Everything about us as time passed, as history was made, I'd carve it into e

very last textbook

So, for purity, for passion, for dreams, or for love  
Please give me your vote

If I were Prime Minister  
If I were Prime Minister  
If I were Prime Minister  
I'd give the flag your shape

If I were Prime Minister  
If I were Prime Minister  
To the parents who made you  
I'd give the citizen's service award

I don't need much  
If I could only get one thing from you

The certain things were a muffled beat  
The only person to change it was you

My only small wish  
Is one vote from you

With that vote, I'd use these hands to try and do it all  
To try and try  
Because I want to try

The opposition party, the government party, the jeers, and the abuse  
I'll bring them to an end, I'll make them into nothing  
Such things are only hurtful  
I'll make such things like they were only pretend

On Tuesdays and Saturdays and all the rainy days  
I looked for the dependable things  
And it was always here  
It was always right there

Although I'm not Prime Minister  
Although I'm not Prime Minister  
Even though I'm not Prime Minister, I know the meaning of being at the top

Although I'm not Prime Minister  
Although I'm not Prime Minister

Even without becoming such a thing, you are still mine, it's true
