Instead of "sauce", it's "shouyu", right?
Instead of "cheese", it's "miso", right?
Instead of "kiss", I want to "hold" you
Instead of "like", it's "love", right?

I'm Japanese, you're also Japanese
If you can understand the meaning of this song
If you know the delicacy of myouga

I'm Japanese, you're a foreigner
Don't look at me with those eyes
Don't just wish for high fives

We had about 200 years of national isolation
And as a result we're kinda shy
We went to war with all these weird tensions
And we got beaten up
So please be good with us, since we're innocent
To everyone in the world
I hope we can get along

Instead of "sauce", it's "shouyu", right?
Instead of "cheese", it's "miso", right?
Instead of "kiss", I want to "hold" you
Instead of "like", it's "love", right?

I'm Japanese, my father's also Japanese
When we get angry we kneel
It's a lot of trouble if you ask why

I'm Japanese, a genuine Japanese
When I get married, I decided it'll be
To a wife that makes delicious miso soup

Alright, when we say let's go at "ichi, ni, san!"
Hey! We end up saying "one, two three!"
Well that's okay, well that's okay
But the mood's gotten a little crazy
Please be good with us, since we're like this
To everyone in the world
I hope we can get along

Instead of "peace", it's "heiwa", right?
Instead of "father", it's "priest", right?
I want check with Ghibli
Yeah, we are Japanese

L and R are different, just as
Nori and wakame are also completely different
Words like "It's okay"
Can also be used with completely different meanings
Please be good with us, since we can be tiresome
To everyone in the world
To everyone in Japan

I am Japanese
You are a foreigner
You can't have McDonald's for dinner
Pizza is great for a day in the beach

I am Japanese
A genuine Japanese
I want to sing a refined song
I want to sing it in Japanese

With sense, thrill and spectacle
Catch the heart with a sexy beam
Hold on me tight now
I'll go my way non-stop
The antithesis guitar of rock and roll
I'll sign with the drums an base
The Imagination of Ride On Time
Made Super Ultra Bomber

That's miso soup's
Instead of "sauce", it's "shouyu", right?
Instead of "cheese", it's "miso", right?
Instead of "kiss", I want to "hold" you
Instead of "like", instead of "love", more than anything
I love you
