Summer Daze

RADWIMPS

"How could we be...?"
"Why can't we be...?" is too much
Filling this world today

Let's not make sense
Until the next bright morning sun
You now just have to promise me

Let's stay up all night dancing to
This song we made together new
La Li La Li La La Li La Li La
What do you say?

Now I think I can fall in love
With anyone that is here tonight
La Li La Li La La Li La Li La
You wanna try?

Stars that are years away will never reach us
I need no future so far away now

Let's make love without asking each other's names
Hundreds times, tens of thousands of times
I won't let tears shed this feeling
