

Atletico (The Only One)

Rae Morris

From the back of the room you were holding my glance
I was trying to be cool, but I can't really dance
Is it something to do with the way that you move?
In a matter of seconds, I'm falling for you
For you
Are you the one I came for?
I think I'm gonna get to know ya
But doesn't leave me vulnerable
If I make a b-line for ya

Beautiful, beautiful, beautiful
Beautiful, beautiful boy
I could stand and admire, or give in to desire
Beautiful, beautiful, beautiful
Beautiful, beautiful boy
Feeling shy and shy, think I'll call it a night

Eh, eh, eh
I leave my light on
I'm atletico, but I'm back here on my own
Eh, eh, eh
I leave my light on
While I let you call, I run back here on my own

From the comfort of my home I am picturing you
And I should've said something, but I thought it was cool
To be locked in a phase by the way that you move
I don't need to reflect, 'cause I'm regretting not speaking to you

Beautiful, beautiful, beautiful
Beautiful, beautiful boy
Tell me where will I find you, so we could roll by
Beautiful, beautiful, beautiful
Beautiful, beautiful boy
I hope you got it by the night
I'll leave on my light

Eh, eh, eh
I leave my light on
I'm atletico, but I'm back here on my own
Eh, eh, eh
I leave my light on
While I let you call, I run back here on my own

Eh, eh, eh
Yeah, you are the only one
Eh, eh, eh
Yeah, you are the only one
Eh, eh, eh
Yeah, you are the only one
Eh, eh, eh
Yeah, you are the only one

I leave my light on
I'm atletico, but I'm back here on my own
Eh, eh, eh
I leave my light on

While I let you call, I run back here on my own

Eh, eh, eh

Yeah, you are the only one

Eh, eh, eh

Yeah, you are the only one

Eh, eh, eh

Yeah, you are the only one

Eh, eh, eh

Yeah, you are the only one

Eh, eh, eh

Yeah, you are the only one (I leave my light on)

Eh, eh, eh

Yeah, you are the only one

Eh, eh, eh

Yeah, you are the only one (I leave my light on, while I let you call)

Yeah, you are the only one

Yeah, you are the only one

Yeah, you are the only one

Yeah, you are the only one
