Jump

Rae Morris

You must be sent from above
You got me drunk on your love
You make me grin like an idiot
You make me feel a mill-i-on pounds
You got me high as a kite
I'm feeling light like every nighttime
Do you know?
Really know
What you mean to me?

Truly
Truly madly and deeply
Only you can complete me
You're my baby boy
Something about you got me jumping for joy!

Jump jump jump jump
Got me jumping for joy
Jump jump jump jump
Got me jumping for joy
Jump jump jump jump
Got me jumping for joy
Jump jump jump jump
Got me jumping for joy

You lift me up, baby boy
You got me jumping for joy
You give me goosebumps and butterflies
You turn my grey clouds to blue skies
You got blush blushing red
I'm feeling blessed like every bedtime
Do you know?
Really know
What you mean to me?

Truly
Truly madly and deeply
Only you can complete me
You're my baby boy
Something about you got me jumping for joy!

Jump jump jump jump
Got me jumping for joy
Jump jump jump jump
Got me jumping for joy
Jump jump jump jump
Got me jumping for joy
Jump jump jump jump
Got me jumping for joy
