

Low Brow

Rae Morris

Didn't leave the scene at nineteen
Somewhere in between, ordinary
Ate a lot of fruit from the trees
Not a case of fig for the berries

To taste the forest floor, it's all so beautiful
What's this unicorn I've never had before?

With not a lot of know-how (Know-how)
Look at you and me getting low brow (Low brow)
You don't taste like a girl, but you go down (Go down)
Wow, wow, wow, wow, that's low brow
Eyes Wide Shut style (Shut style)
Look at you and me getting low brow (Low brow)
Like Nicole, but my mask's on the floor now (Floor now)
Wow, wow, wow, wow, that's low brow

(Wow, wow, wow, wow, that's low brow)

Getting kind of deep, young daddy
Tunnelling your weight through my body
You and me, supersede
Come on make me a young mummy

I am not using you, there's plenty other routes
Some tried and tested except none of them are you

With not a lot of know-how (Know-how)
Look at you and me getting low brow (Low brow)
You don't taste like a girl, but you go down (Go down)
Wow, wow, wow, wow, that's low brow
Eyes Wide Shut style (Shut style)
Look at you and me getting low brow (Low brow)
Like Nicole, but my mask's on the floor now (Floor now)
Wow, wow, wow, wow, that's low brow

Blushing like a beetroot, flickering
Eyelids hiding pupils, dilating
When the sweat from my brow is all trickling down to my thighs
And your face is glistening

With not a lot of know-how (Know-how)
Look at you and me getting low brow (Low brow)
You don't taste like a girl, but you go down (Go down)
Wow, wow, wow, wow, that's low brow
Eyes Wide Shut style (Shut style)
Look at you and me getting low brow (Low brow)
Like Nicole, but my mask's on the floor now (Floor now)
Wow, wow, wow, wow, that's low brow

(Wow, wow, wow, wow, that's low brow)
