

# Heat Of The Moment

Rae Sremmurd

Hey, hey  
Hey  
Chopsquad  
Ooh  
In the heat of the moment, I know I can...  
Yeah  
DJ the beast on this banger!

In the heat of the moment, in the heat of the moment  
In the heat of the moment I know I can trust myself  
In the heat of the moment, in the heat of the moment  
In the heat of the moment, I can count on myself  
In the heat of the moment, in the heat of the moment  
In the heat of the moment I know I can trust myself  
In the heat of the moment, in the heat of the moment  
In the heat of the moment, I can count on myself

It's no suggestion comin' from me  
I'm just somebody that cares  
And you can front like you don't feel me  
You most definitely care  
And if there's some kinda hold on your love or your heat  
Then baby, why lie?  
You're killin' me like a homicide  
Needing more excitement for your double life  
Here's the drugs for your sore eyes  
From friends that are hard to come by  
Let's just hope that my phones don't die  
So you can reach me  
I know I'm changin' for sure  
Lay in the lowest of love  
And you saw me transform  
And there was no cure

In the heat of the moment, in the heat of the moment  
In the heat of the moment I know I can trust myself  
In the heat of the moment, in the heat of the moment  
In the heat of the moment, I can count on myself

I wonder sometimes, if the one that's passed me by  
I wonder sometimes, it's somebody lovin' you right  
Table's turned all of a sudden  
Riding by my side, like on a trollie  
Father, God, they want my money  
Heart on fire, they never could crush it  
Twisting up my dialogue  
Sorry, but I'm wide-wide eye buggin'  
Something else you need from me  
But would you even take a bullet?  
Let me buy your time  
Even though I wiped off your kiss  
And I shouldn't say too much  
Because it's what I do, that really sinks in

In the heat of the moment, in the heat of the moment  
In the heat of the moment I know I can trust myself  
In the heat of the moment, in the heat of the moment  
In the heat of the moment, I can count on myself  
In the heat of the moment, in the heat of the moment  
In the heat of the moment I know I can trust myself  
In the heat of the moment, in the heat of the moment  
In the heat of the moment, I can count on myself
