

Alhamdu Lillah

Raef

I'm cruising on my journey
With it all the good and bad, hmm
His blessings that I don't see
'Cause I want Allah to love me
I'll thank Him for whatever I have

Alhamdu lillah (praise be to God)
No matter what comes my way
Alhamdu lillah (praise be to God)
My heart will thank and praise
And every time I'm feeling down, or out of place
Alhamdu lillah (praise be to God)
Everything is gonna be OK!

This dunya (worldly life) can deceive me
When nothing ever goes as planned, hmm
And when I can't remember,
My heart will surely understand
I ask Allah to guide me
I'm starving for His mercy
So I'll thank Him for whatever I have

Alhamdu lillah (praise be to God)
No matter what comes my way
Alhamdu lillah
My heart will thank and praise
And every time I'm feeling down, or out of place
Alhamdu lillah
Everything is gonna be OK!

Alhamdu lillah, alhamdu lillah
Alhamdu lillah, alhamdu lillah

Alhamdu lillah (praise be to God)
No matter what comes my way
Alhamdu lillah
My heart will thank and praise
And every time I'm feeling down, or out of place
Alhamdu lillah
Everything is gonna be OK!

Alhamdu lillah
No matter what comes my way
Alhamdu lillah
My heart will thank and praise
And every time I'm feeling down, or out of place
Alhamdu lillah
Everything is gonna be OK!
Alhamdu lillah
Everything is gonna be OK, yeah!
Alhamdu lillah
Everything is gonna be OK!
