

Palestine You're Not Alone

Raef

In the land of the olive tree
Children play and they dream to be
Free in their own home

When the tanks come a-rolling in
And the fear swells up within
Just know, you're not alone

Around the world, our hearts beat as one
And we believe that peace will come
No don't you cry
You're never on your own
Palestine, you're not alone

When the fire falls from the sky
And you ask 'cause you wonder why
You've lost all that you've owned

God's justice will be done
'Cause we believe in your freedom
Just know you're not alone

Around the world, our hearts beat as one
And we believe that peace will come
No don't you cry
You're never on your own
Palestine, you're not alone

Inshallah peace will come
Inshallah
Inshallah peace will come
Palestine, you're not alone

Around the world, our hearts beat as one
And we believe that peace will come
No don't you cry
You're never on your own
Palestine, you're not alone
Palestine, you're not alone
