

# Ya Allah

Raef

Ya Allah  
You're the only lord of the worlds  
Ya Allah  
Your mercy and protection we yearn  
Ya Allah  
There is no might or power but You  
Help us on the path to see the truth as true

Ya Allah  
We love prophet Muhammad and kin  
Ya Allah  
Send Your peace and blessings on him  
Ya Allah  
We need Your grace to make it through  
We raise our hands up high and we call onto You

Ya Allah  
Our ummah is in so much pain  
Ya Allah  
Send Your mercy down like rain  
Ya Allah  
There is nobody greater than You  
Help us heal the world and make it feel brand new

Ya Allah  
When we ask we know You are near  
Ya Allahu-akbar, and we'll have no fear  
Ya Allah  
We have nobody else but You  
Anything is possible with kun-faya-koon

Ya Allah  
Your promise is with hardship comes ease  
Ya Allah  
You are the source and from You comes peace  
Ya Allah  
Take care of the oppressed and the weak  
Save them and protect them and fulfill their needs

Ya Allah  
Give them food and keep them brave  
Ya Allah  
Send water and keep them safe  
Ya Allah  
We call upon your beautiful name  
We're begging for your mercy cause we feel their pain

Ya Allah  
Ya Rahman  
Ya Raheem  
Ya Kareem

Ya Allah  
Help us fight the evil within  
Ya Allah  
With Your help we know we will win  
Ya Allah

Our hope in You is firm and strong  
You promise when we ask that You will answer our call  
Ya Allah
