

Bear Hill

Raekwon

Yeah, uh-huh, yeah
Yeah, uh-huh, yeah
Yeah
What the fuck is going on, man? Yeah
Let's go, man

Driving in the 7
Caught him at the light, yeah, it's heaven
Ninety carat face, that's my bredren
Chef criminals have to eat felons
Chief hell, every nigga can't flex with me
Jaws filled
This star hill
The dope from Park Hill
Where fiends walk walls and cartwheels

Yeah, I'm not your average-type rapper
Check my batting average, cat, I'm a snapper
Hanging out in the MGM, yeah, they dap 'em
Hundred Ranges pulling, what up? Trap fucking
Real hoes know the real hoes
'Tween me and you? Keep it chiller, I'm gorilla, these are steel toes
Pouring coke on the record, keep the grill froze
Coolin' up in beckon, keep the grill closed
We got food in here, make a mill
Woes in, then get shot up when that thing blows

At the top of the Bear Hill, we on it
Getting bricks from Hitsville, yeah, we on it
Getting rich while you're all mad as shit
We stay fresh and crisp for more money
More, we on it, we on it
At the top of the Bear Hill, we on it
Getting bricks from Hitsville, yeah, we on it
Getting rich while you're all mad as shit
We stay fresh and crisp for more money
More, we on it, we on it

Staying a bowtie, hard bottoms and go fast
A low rider, beautiful blonde hair, a dough wilder
Heard he's striking up oil, a daughter, coal miner
Out in Dubai fly, my nigga low line me up
Astoria, bless, hit the stove, partner
Everything that I own, I was it's own, lock it up, yup
Them Killa Hill boys grown popping up
From the staircase that blown up, grown guaping up
In the big park, park, yelling songs, lock it up
Shooting dice in the lobby, cube, crime stocking up
Catch me out with a dime, you know I'm known to knock it up
In the hallway, all day, tall chop with us

At the top of the Bear Hill, we on it
Getting bricks from Hitsville, yeah, we on it
Getting rich while you're all mad as shit
We stay fresh and crisp for more money
More, we on it, we on it
At the top of the Bear Hill, we on it

Getting bricks from Hitsville, yeah, we on it
Getting rich while you're all mad as shit
We stay fresh and crisp for more money
More, we on it, we on it
