Raekwon

Uh-huh, uh-huh  
Killa hill shit  
Uh-huh

Yo, Licatta cocktails, Bentleys, and oxtails  
Catch me with the Grecian of whales, a redbone rat, what's happening?  
Her ratchet ways, I had to just tame that, flip the Mulsanne back  
Better off buying a jail, the luxury shit, Pakistan chef, and reps  
So they can coach brothers to read scriptures and play chess  
Louis the XIV, pour me no ice in it  
All I need's a warcoat, brand-new Louis  
Three dice and shit, then breeze, next lecture handle these jeans  
About frontin' on the street level, God-given the means

Prophetically that, unless I take my sanity back  
Don't need to shoppin' at Short Hills, Sup' bought out the Bachs  
These little niggas with jewels on, they get passes  
I sat in the White House, passing laws, these Cubans are my masters  
Drip to the final drop, hours  
Extort every big league and niggas stay paid, give them their flowers

It feel good, don't it? Compliments from yours, truly  
Who is Louis Rich the III?

Jumpsuits and ostrich  
Cartridges get released, all shoulder straps  
Footwear Ellesse, we live for the moment  
Gloves on, flying with homies  
The realest section alive, God, niggas be phonies  
Yo, swordsmen, silks imported  
Y'all are filth, I caught it  
We the real drip, don't get extorted  
Yo, I'm back at it, calling my clap at it  
Willies in black Pateks  
Black kicks moving in black Caddies  
The wildest of the foulest  
My charisma making hits is massive  
Blasted off the chalice  
All hail the real, just kneel  
Let 'em smoke these scallops  
Welcome in, let me show you my palace
