

# Broken One

RaeLynn

We grew up so differently  
You had one house, one back yard, one Christmas tree  
You didn't split your time, didn't wonder why, like me  
When I met your momma, I met your dad, damn, its cool to see that  
Love can last 'cause I never knew till I was loved like that by you

You coulda seen too much work  
All the missing pieces  
Someone who's gonna leave  
'Cause I come from leaving

Coulda seen my past  
Took at look at my baggage  
And packed yours up and run  
But you saw a home  
In a girl from a broken one

She has my eyes and has your nose  
But thank God she never has to know  
What it's like to grow up picking sides

You coulda seen too much work  
All the missing pieces  
Someone who's gonna leave  
'Cause I come from leaving

Coulda seen my past  
Took at look at my baggage  
And packed yours up and run  
But you saw a home  
In a girl from a broken one

Yeah, my raising wasn't perfect  
But the girl you saw was worth it

You coulda seen too much work  
All the missing pieces  
Someone who's gonna leave  
'Cause I come from leaving

Coulda seen my past  
Took at look at my baggage  
And packed yours up and run  
But you saw a home  
In a girl from a broken one  
You saw home, sweet home  
In a girl from a broken one
