

Insecure

RaeLynn

In the blink, of an eye
I feel the twist, of a knife
In the flash, of a smile
I see her heart, on the prowl

She knows what she's doing
She knows I can tell
She'd love to see me lose it
But I tell myself

No don't get insecure
No he ain't into her
She's playing dirty, all flirty
From across the room
You might think she's a 10
But she don't count to him
'Cause girl he's busy, getting dizzy
All around you
Don't waste a second, second guessing
Get obsessed with her obsessing
He's all yours, he ain't hers
She ain't worth getting insecure

Yeah it, ain't his fault
That when he talks, they all fall
I know they all want to take him
And the truth is, I can't blame them

'Cause he's tall dark and handsome
And still sweet as hell
In moments of weakness
I tell myself

No don't get insecure
No he ain't into her
She's playing dirty, all flirty
From across the room
You might think she's a 10
But she don't count to him
'Cause girl he's busy, getting dizzy
All around you
Don't waste a second, second guessing
Get obsessed with her obsessing
He's all yours, he ain't hers
She ain't worth getting insecure

Don't waste a second, second guessing
Get obsessed with her obsessing
Tell the voice inside my head

No don't get insecure
No he ain't into her
She's playing dirty, all flirty
From across the room
You might think she's a 10
But she don't count to him
'Cause girl he's busy, getting dizzy

All around you
Don't waste a second, second guessing
Get obsessed with her obsessing
He's all yours, he ain't hers
She ain't worth getting insecure

(Don't waste a second, second guessing)
She ain't worth getting insecure
(Get obsessed with her obsessing)
