

What's Wrong With That?

RaeLynn

I could change a tire if I had to
And open up my own damn door
Yeah I don't need a man to hold my hand getting up in my 4x4

I can pay my tab
And pump my gas
Take out the trash you name it
Yeah I could do it all if I had to
Yeah, but I'm just saying

What's wrong if I let big a strong cowboy
Do what he's made to do
What's wrong if I let him treat me like a lady
If he wants to
What's wrong with a six-foot-
two little front porch view of him mowing my grass
It's old school so I'm told
But I just wanna know
What's wrong with that

I wish I would met him faster
This kinda life ain't too bad
Beats climbing up a corporate later
Beats bustin' my country ass
That fence outside he's painting
Looks better than it did
This home cooked I've been cooking
He's gonna Love when he walks in

What's wrong if I let big a strong cowboy
Do what he's made to do
What's wrong if I let him treat me like a lady
If he wants to
What's wrong with a six-foot-
two little front porch view of him mowing my grass
It's old school so I'm told
But I just wanna know
What's wrong with that

I just wanna know
What's wrong with that

Yeah

I can pay my tab
And pump my gas
Take out the trash you name it
Yeah I could do it all if I had to
Yeah but I'm just saying

What's wrong if I let big a strong cowboy
Do what he's made to do
What's wrong if I let him treat me like a lady
If he wants to
What's wrong with a six-foot-
two little front porch view of him mowing my grass
It's old school so I'm told

But I just wanna know
What's wrong with that

I don't know what's wrong with that
We need a little more of that
