

## Chasing the Twilight Zone

Rage

All my past life I was a believer  
Spending all my days in search for truth  
Everybody followed the deceivers  
But I stayed at home, studied my books

Just the night time was for me  
I shared my silent place  
With the other creatures of the dark  
My purgatory days

I'm condemned to be the chaser of the twilight zone  
I need to wander in the night  
I'm condemned to be the chaser of the twilight zone  
I'll never ever see the light  
Chasing the twilight zone

Now I started growing old and wither  
Still I must walk in my shadow zone  
When I feel the break of dawn I shiver  
Lock the doors, I'd rather stay alone

Just the night time was for me  
I shared my silent place  
With the other creatures of the dark  
My purgatory days

I'm condemned to be the chaser of the twilight zone  
I need to wander in the night  
I'm condemned to be the chaser of the twilight zone  
I'll never ever see the light  
Chasing the twilight zone

Chasing in my mind, my little silent twilight world  
I'm chasing in my mind, my silent twilight world

I'm condemned to be the chaser of the twilight zone  
I need to wander in the night  
I'm condemned to be the chaser of the twilight zone  
I'll never ever see the light  
Chasing the twilight zone

Chasing the twilight zone
