

# Mind Control

Rage

Do you know, you puppet on a string  
You're my slave, I'll be your everything  
Not a chance, you can't escape me  
In your head I'll penetrate, we  
Will become a unit, dear  
The one you were is gone, I swear

Down, down, reality  
Down, down, integrity  
I'm sneaking in to get your soul  
I'm total mind control!  
Down, down, your dignity  
Down, down, democracy  
I've come to sneak into your soul  
I'm total mind control!

I will know you better than you do  
Before you wake up I'm inside you  
You might think that you decide, yeah  
But the script comes from my side  
And in my pile of sugar world  
I'll mark you for my profit, yeah!

Down, down, reality  
Down, down, integrity  
I'm sneaking in to get your soul  
I'm total mind control!  
Down, down, your dignity  
Down, down, democracy  
I've come to sneak into your soul  
I'm total mind control!  
I'm total mind control!

I know you better than you do (mind control)  
You feel so clever, that's not true, yeah!

Down, down, reality  
Down, down, integrity  
I'm sneaking in to get your soul  
I'm total mind control!  
Down, down, your dignity  
Down, down, democracy  
I've come to sneak into your soul  
I'm total mind control!  
I'm total mind control!

You're totally mind controlled!
