

# Power and Greed

Rage

Terror, confrontation  
With the army, splattered nation  
Smash the mirror, there's no way back  
To the reign of egoism and brutality

Now it's time to decide on what side you are on  
It's too late for a false compromise

Overnight they came in the same old way  
The same old combination  
To the power comes the greed

Overnight they came in the same old way  
The same old combination  
To the power comes the greed  
Power and greed

People shook their fear off  
Did not take this provocation  
With their bodies against the tanks and  
In the end the idea of democracy and freedom has won

Criticise what you think that is wrong  
Now it's time to decide on what side you are on  
It's too late for a false compromise

Overnight they came in the same old way  
The same old combination  
To the power comes the greed

Overnight they came in the same old way  
The same old combination  
To the power comes the greed  
Power and greed

In these days when statues of old men  
Crash down to the ground, the old order has gone  
Nothing's like it was and chaos everywhere  
From this ruins will grow a new chance for the world

Overnight they came in the same old way  
The same old combination  
To the power comes the greed

Overnight they came in the same old way  
The same old combination  
To the power comes the greed

Overnight they came in the same old way  
The same old combination  
To the power comes the greed  
Power and greed
