

Serial Killer

Rage

Jeffrey Dahmer, Ted Bundy
Jack the Ripper guiding me
When you laughed I had to cry
As you tread me, so shall I

Cut 'till you bleed, that's what I need
I eat you alive and then I will watch when you die

The fading light brings up a summer's night
Hot is the city here, I sit and drink my beer
I feel a need come with my inner heat
Soon I'll be out again, out to release my pain

Lady of sin, come, let me in

Yes, I, I'm killing you serial
And I, I chop off my victims heads (collect/number)
Yes I, I'm killing you serial, I'm serious
And I will find myself in good company
'Cause man is a killer, oh can't you see

Peter Kürten, John Christie
And Fritz Haarmann inspiring me
You have stomped all over me
What you've built, this will be me

I want no sex, just chainsaw your legs
I love when you scream and then I will watch your blood
stream

I'm like a slave, a servant of the grave
There is an inner voice, leaving me not a choice
I'm deaf and blind, in my distorted mind
No room for empathy, a monster I must be

Drowning in blood, now I am god
