Submission

Rage

Shoot down the helpless – that's nothing new
But I ain't gonna be oppressed by you
Mister ruler – you bathe in blood
But you won't get mine, I swear by god

See all this dying
Hear all this crying

Submission, submission
Submission, submission

Why do you wonna be always right
There's no other way but to be on your side
But there ain't no way to wipe out free will
It'll keep on growing when you try to kill it

I won't surrender
Return to sender

Submission, submission
Submission, submission

Throw me in the dungeons
You won't get me down – no you won't
Call me what you want now
I will get revenge – sweet revenge

Shoot down the helpless – that's nothing new
But I ain't gonna be oppressed by you
Mister ruler – you bathe in blood
But you won't get mine, I swear by god

No, you won't get me
See what you've set free

Submission, submission
Submission, submission

Submission, submission
Submission, submission
