

Bad, Bad, Bad

Raghav

From the moment I saw her she had to be mine
There's just something about her so awesomely right
She's not decked out in Prada
Or drippin' in ice
She's got natural beauty and sensuous eyes

So baby don't walk away
Gimme just one chance to step up and win your love
Baby just talk to me
Gimme just one chance to step up and win your love
Because...

I've searched high and low and everywhere I go
I've never felt so sure
You're so... bad, bad, bad
Yeah girl you'll see it to
My everything's for you
Just tell me what to do
You're so... bad, bad, bad

There's no words to explain it
No way to define
It's a special connection girl your heart with mine
You've been sent from above
Yeah you're one of a kind
I wanna be in you soul girl
I wanna stay on your mind

So baby don't walk away
Gimme just one chance to step up and win your love
Baby just talk to me
Gimme just one chance to step up and win your love
Because...

I've searched high and low and everywhere I go
I've never felt so sure
You're so... bad, bad, bad
Yeah girl you'll see it to
My everything's for you
Just tell me what to do
You're so... bad, bad, bad

I've searched high and low and everywhere I go
I've never felt so sure
You're so... bad, bad, bad
Yeah girl you'll see it to
My everything's for you
Just tell me what to do
You're so... bad, bad, bad

Just when my world was getting colder
You saved me girl by walking in my life
I'm so glad my search is over 'cause I finally found
Yes I know I've found her

Oh, oh, oh, oh
Girl you're so bad

Bad, bad, bad

I've searched high and low and everywhere I go
I've never felt so sure
You're so... bad, bad, bad
Yeah girl you'll see it to
My everything's for you
Just tell me what to do
You're so... bad, bad, bad

I've searched high and low and everywhere I go
I've never felt so sure
You're so... bad, bad, bad
Yeah girl you'll see it to
My everything's for you
Just tell me what to do
You're so... bad, bad, bad

I've searched high and low and everywhere I go
I've never felt so sure
You're so... bad, bad, bad
Yeah girl you'll see it to
My everything's for you
Just tell me what to do
You're so... bad, bad, bad
