Raghav

In my mind,
We was climbing right up to the sky.
There's no time,
Imma candle thats burnin' to die.

I did just what I had to do.
I found the flame when Im with you.

So tell me, do you like
The way we done it, baby.
You and I,
Im crying lonely tears
Cause I know that you're my baby,
Why are we misbehaving?
Do I like,
The way we do it when we do.

Imma get baby,
My love for you's crazy.
I know to play around ya.
You know that I want you, yeah.
Yes!
Baby, where it go?
Cant cut off, unless you let it go!
Come around to my place, though.
Im feelin' you cooperate though, yeah, yeah.
You're the air da, da.
Take me for an inside out.
Oh yes!
Baby, can we have it though?
Now you and me babe get a halo.
Solo!

Do you like
The way we done it, baby.
You and I,
Im crying lonely tears
Cause I know that you're my baby,
Why are we misbehaving?
Do I like,
The way we do it when we do.

Do you like

You and I (you and I),
Im crying lonely tears
Cause I know that you're my baby,
Why are we misbehaving?
Do I like,
The way we do it when we do.
In my mind,
We was climbing right up to the sky.
