When she pulled up, I was like wow
My name red and I like your style
Take my number and put me on file
Call me if you ain't freak in a while
Yep raghav, let's get it
Mushtak let's get it
All my people yo let's get it
Pass the (oww) so redman can hit it

Tell me why oh why is she got me feigning?
Spending all my time in life, every evening
Trynna get inside of her, I've been needed
I can see the signs, oh baby I can start believing

Oooh I'm ready to go,
I finally find what I've been looking for in my baby

She can rock to the city
Roll straight to the ghetto
Sipping on champaign
The shots and amaretto
Reebok to reebok so drop them stilettos
That's my kinda girl (yes sir!)
Oh when I run she's my number 1 lover
Life of the party or she roll under cover
Some people who there ain't no other
That's my kinda girl well there ain't no front in
What you see is what you get
When the speakers bumping, she's the first to get into it
Got her body flunking now with any music
Yeah she's got me buzzing baby
Then you freaking to do it, it's true babe

Oooh I'm ready to go,
I finally find what I've been looking for in my baby

She can rock to the city
Roll straight to the ghetto

No way to run she's my number 1 lover (no way to run you're my number 1!)

All I know is that I can't let it go
Cause my baby, she's both sides of the coin
Oh she's my left and my right
She's the apple of my eyes
She's my day, she's my night
Oh she's what keeps me right
