

# Take Me Away

Raghav

I'm ready to go, anywhere that you like  
I'll be okay, if I'm by your side

'Coz we're just gettin' started  
Don't know where we gonna end up in life  
And it don't even matter, lets just go together  
You and I  
So take me away-ay-ay  
Just take me away-ay-ay

Take me with you  
Take me with you  
Take me away-ay-ay-ay  
Take me away-ay-ay-ay  
Take me with you

Found a new place, show me the way  
Wherever you say I'll go  
Ooo I don't wanna cost on you and hold you close

'Coz we're just gettin' started  
Don't know where we gonna end up in life  
And it don't even matter, lets just go together  
You and I  
So take me away-ay-ay  
Just take me away-ay-ay

Take me with you  
Take me with you  
Take me away-ay-ay-ay  
Take me away-ay-ay-ay  
Take me with you

I'll follow (take me away)  
Wherever you go (take me away)  
I'm all yours  
You know, you know  
Tonight we rode (take me away)  
There's no tomorrow (take me away)  
I'm all yours  
You know, you know

Take me with you  
Take me with you  
Take me away-ay-ay-ay  
Take me away-ay-ay-ay  
Take me with you
