

Feeding All These Fires

Rag'n'Bone Man

Run out of time
Run out of patience
Soon we will be running our mouths
Asking me why
Tell me it don't make sense
Don't look for an easy way out

So don't tell me
I've been here before
And don't tell me lies
Oh, don't trick me
I've seen it before
With my own eyes

Feeding all these fires
Ain't nothing but our breath
We say it all
We say it again
And we talk ourselves to death
We say it all
We say it again
And we talk ourselves to death

You'll be the voice
I'll be the reason
'Cause maybe we could figure it out
Whatever the time
Whatever the season
There's a "silver lining" somehow

And don't tell me
I've been here before
And don't tell me lies
Oh, don't trick me
I've seen it before
With my own eyes

Feeding all these fires
Ain't nothing but our breath
We say it all
We say it again
And we talk ourselves to death

Feeding all these fires
Ain't nothing but our breath
We say it all
We say it again
And we talk ourselves to death
We say it all
We say it again
And we talk ourselves to death

We say it all
We say it again
And we talk ourselves to death
